ECOLAB®
Everywhere It Matters.™

Long Term Care Program

Safe, clean, comfortable living spaces.

ECOLAB®

Everywhere It Matters.™

Your Ecolab Associate is your PERSONAL RESOURCE for solutions, training, and hands-on support, tailored to the unique needs of Long Term Care.

SERVICE

You can count on your Ecolab Representative for training, solutions and hands-on support.

INNOVATION

Our programs are designed specifically for Long Term Care. Our products help improve the health and safety of your community while helping to maximize operational efficiency.

EXPERTISE

We've been helping to create cleaner, safer, healthier spaces for over 90 years. We'll partner with you closely – developing solutions together.

ECOLAB®

Everywhere It Matters.™

WAREWASHING

Senior living sees dining as a new driver for occupancy growth.[1]

WE OFFER:

- High performance, one pass warewashing solutions
- The Apex2 system that offers reduced packaging waste, safe to touch products and critical operational data
- A comprehensive dishmachine program that removes the burden of owning and maintaining your own dishmachine
- Expertise and training to help ensure regulatory compliance

KITCHEN SAFETY

A clean kitchen is a crucial part of delivering a safe, high quality dining experience for your residents and guests.

WE OFFER:

- Food preparation products that help prevent cross-contamination
- Effective surface cleaners to help ensure a clean and healthy kitchen, while improving employee safety
- Sanitizing Wash 'n Walk™ kitchen floor cleaner to help reduce the risk of slips and falls

LAUNDRY

You're looking for a laundry solution that can provide Hygienically Clean, fresh and soft results while reducing total operational costs.

WE OFFER:

- Programs that deliver premium softness to help minimize skin abrasion, and achieve optimal linen pH levels to help maintain healthy skin
- The Aquanomic™ laundry program that enables great results with less water and energy through revolutionary chemistry technology
- Comprehensive laundry procedures training developed specifically for Long Term Care

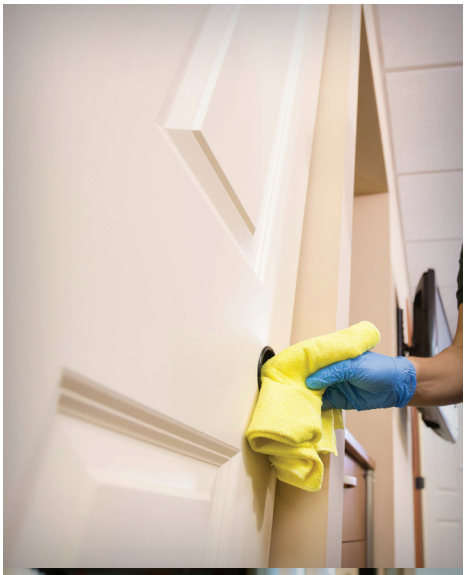
WE FOCUS ON CLEAN, SO YOU

HOUSEKEEPING

Cleanliness is the second most frequent topic mentioned by residents/families when asked what they appreciate about their community.[2]

WE OFFER:

- A complete program tailored to your unique needs
- Hospital-grade disinfectants that clean and protect against *Norovirus* and other bacteria
- A proven training program that helps ensure utilization of correct products and procedures



FLOOR CARE

Prospective residents and visitors often judge the cleanliness of a facility on the appearance of its floors.

WE OFFER:

- Maintenance solutions and training you need for any type of floor or carpet
- The MAXX Durable program that provides a long-lasting solution that helps reduce labor and maintenance costs
- Floor finishes designed for Long Term Care, including matte options and hand sanitizer-resistant options

HAND HYGIENE

The right hand hygiene practices and systems help prevent the spread of infection throughout your community and ensure food safety.

WE OFFER:

- A full range of hand hygiene products, from soaps to sanitizers to lotions
- Innovative Nexa™ dispensers with antimicrobial protection on the push bar that continuously inhibits the growth of bacteria, mold and mildew
- Touch Point Service℠, including customized planning, free installation, expert training, continuing awareness and ongoing service

CAN FOCUS ON CARE.
