

POWERFUL PARTNERSHIPS REQUIRE POWERFUL INFORMATION

PROACTIVELY MANAGE YOUR PEST RISK

The Ecolab Portal and newly designed Service Report provide valuable insights to help you and your Service Specialist stay ahead of pest issues and build a stronger partnership.

ECOLAB PORTAL PEST ELIMINATION

The Ecolab Portal allows easy access to your Service Reports, as well as educational material, for quick reference and proactive pest prevention.

- Current and historical Service Reports
- Staff training material
- Request a service visit
- Educational videos
- Pest facts and identification
- White papers
- SDS and product labels

ONLINE ACCESS ON ANY DEVICE

SERVICE REPORT

To better manage pest risk, Ecolab Pest Elimination has created an improved Service Report with a more visual design to help you:

- Understand the services performed
- Work with your Service Specialist to proactively manage pest risk
- Communicate actions to be taken to your team

(Note: This electronic report is in addition to the paper report received on site following each service visit)

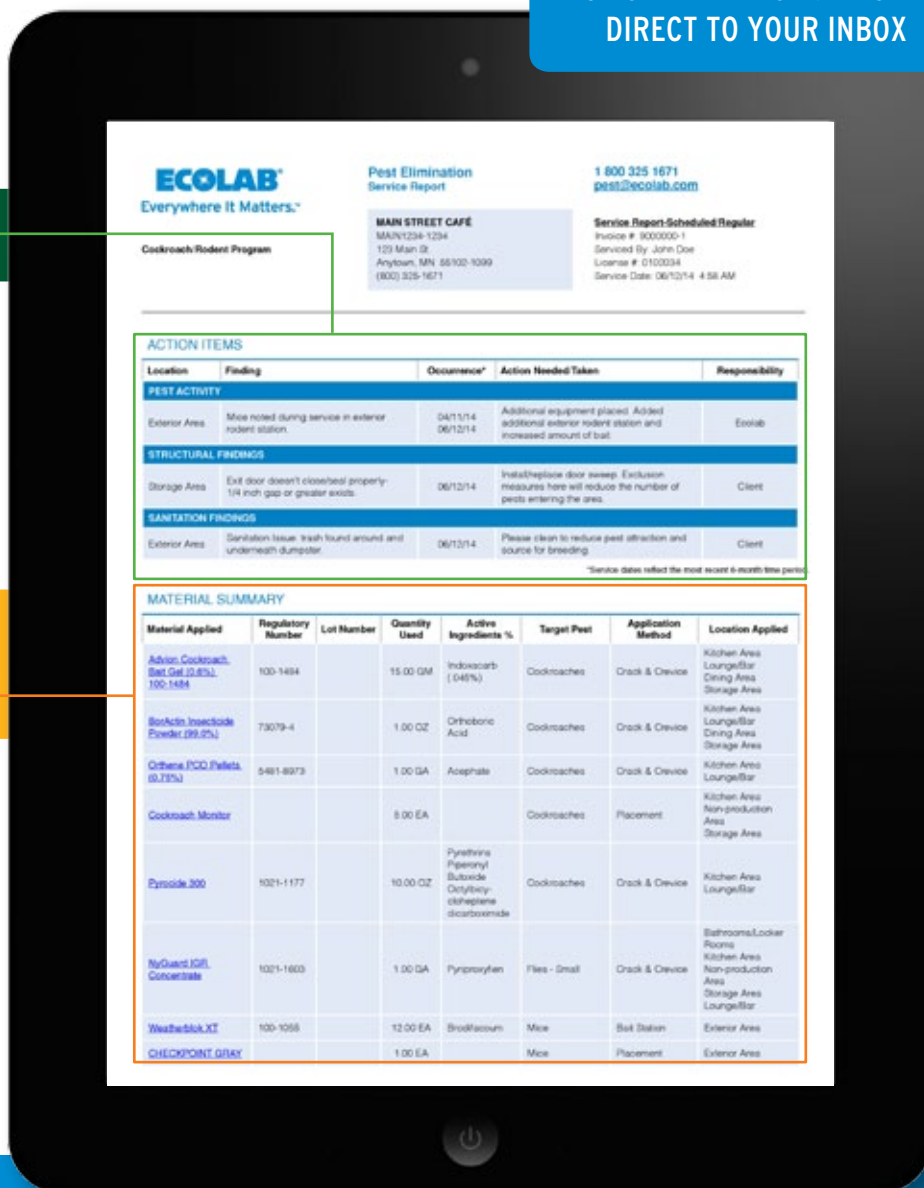

**ACTIONABLE INFORMATION
DIRECT TO YOUR INBOX**

ACTION ITEMS ▶

- Service Findings
- Actions Needed / Taken
- Occurrences Over Time
- Owner of Action Items

MATERIAL SUMMARY ▶

- Regulatory Documentation for Materials Applied
- Hyperlinks to SDS
