Enhanced Chemistry for a Higher Level of Clean

You want the clean, white, soft and fresh results guests expect – the first time linens are laundered. The Aquanomic 2.0 Low-Temp Liquid Laundry Program offers consistently superior results that reduce rewash while extending the life of the linens.

Best-in-Class Results with Every Load			
 CLEAN	 WHITE	 SOFT	 FRESH
Achieve a greater overall clean the first time.	Get your linens white and bright by tackling graying and yellowing.	Keep your linens soft and touchable with Ecolab's industry-leading softener. Up to 6x better on softness!*	Provide a fresh, long-lasting scent that your guests will enjoy. Up to 2x better on freshness!*

*Compared to nearest competitor in a third-party blind test.

Zero In on **Whiteness**

The advanced Aquanomic formula targets the root cause of graying and yellowing, so you can feel confident in the consistency of your white linens.

A Complete Laundry Solution

Whatever your laundry needs and challenges, Ecolab can help. We offer an end-to-end solution that's tough on stains, gentle on fabrics and extends the life of your linens.

Aquanomic 2.0 Low-Temp Liquid Laundry Program

Low-temperature chemistry delivers more stain-fighting power than the competition. Add Laundry Greasy Soil Remover to target tough, oily soils right in the laundry.

StainBlaster™ Stain Management Program

Eliminate extra-tough stains and extend linen life with our collection of pre-treatment sprays and reclaim cycle Power Paks.

Achieve Measurable Savings

The Aquanomic 2.0 Low-Temp Liquid Laundry Program delivers significant energy and water savings over traditional laundry programs, improving your bottom line.

Innovative Insights That Streamline Your Laundry Operation

- Water and energy saving trends tracked over time
- Load count visibility to help optimize efficiency
- Continuous improvement through partnership with your Ecolab representative

*Based on 160-room lodging property, 75% occupancy rate, 16 pounds of linen per room, 100°F versus typical laundry temperature of 120°F and national-average utility rates. Customer linen savings based on market linen research studies conducted April 2013 - December 2014, annual linen replacement data from over 700 hotels from 2011 - 2015.

The Aquanomic 2.0 Low-Temp Liquid Products

	PRODUCT	SKU/SIZE	NOTES
	Low-Temp Laundry Detergent	6101186 15 gal 6101187 55 gal	Controls water conditions for optimal cleaning performance, delivering cleaner and whiter results.
	Low-Temp Laundry Builder	6101184 15 gal 6101185 55 gal	When used with detergent, removes tough soils and leaves linens whiter time after time.
	Low-Temp Laundry Destainer	6101182 15 gal 6101183 55 gal	Lengthens linen life by bleaching soils and preserving linen integrity.
	Low-Temp Laundry Clearly Soft Plus	6101178 15 gal 6101179 55 gal	Provides guests with the ultimate in long-lasting freshness and softness.
	Low-Temp Laundry Sour	6101180 15 gal 6101181 55 gal	Protects linen life by bringing linens to a neutral pH.
	Low-Temp Laundry Iron Control Sour	6101188 15 gal 6101189 55 gal	Brings linens to a neutral pH in areas with high levels of iron in the water to protect linen life.
	Laundry Greasy Soil Remover	6101190 5 gal 6101191 15 gal	Highly concentrated detergent additive removes tough, oily and greasy soils on synthetic fabrics, excellent on F&B soils (optional product).
	StainBlaster Starter Kit	6101110 1 kit	Wall-mounted kit contains one bottle of the following StainBlaster pre-spotters: Enzyme Boost, Grease Remover, Makeup Remover and Destainer (optional product).

55 gallon available in U.S. only.
